PHD INSTRUCTIONS

Thank you for your interest in the Ph.D. program of Georgia State University’s J. Mack Robinson College of Business. To provide you with some guidance in assessing your possibility of admission, we have assembled a profile of the academic credentials of Ph.D. applicants accepted Fall Semester 2016.

Meeting this profile does not guarantee admission nor is admission automatically denied if the profile is not met. The profile gives you an indication of the competitiveness of your credentials. It represents averages of applicants admitted, not minimums for admission.

Fall 2016 Admitted Student Profile
Average GMAT score: 702
Average GRE score: 316 (the GRE is not accepted for the Accountancy and Strategic Management majors)
Average overall undergraduate GPA: 3.33 (4.0 scale)
Average overall graduate GPA: 3.71 (4.0 scale)

Admission Information
All applications and supporting documentation must be received by January 8, 2017. Applications received or completed after the deadline will not be considered.

Admission decisions are based on a careful review of the applicant’s scholastic record, admission test score(s), letters of recommendation and the other information submitted in support of the application (including an interview, if required by the academic unit). In making the decision, each unit and the Director of the Ph.D. program must consider at all times the optimum number of students in the program. This could result in the denial or deferral of otherwise qualified applicants. Applicants are not required to submit a certification of their state of health. The College reserves the right to investigate the health, character, and personality of each applicant.

Self-managed Application Process
The Robinson College of Business uses a self-managed application process for admission to its Ph.D. program. This means that it is your responsibility to prepare or collect all credentials, other than test scores, and submit them at one time to the Ph.D. Office.

A self-managed application requires appropriate planning on your part to allow time for you to prepare the application properly and collect all of your transcripts. This process also gives you control over when your application (except for test scores) is complete. You will be sent a notice from the Ph.D. Office confirming receipt of your application. PhD applications received or completed after the deadline will not be processed.

Application Fee
You will be assessed a $50 application fee with your online application. The application fee is nonrefundable and does not apply toward registration fees. You must pay by credit/debit card (Visa, MC). For each subsequent online application that you submit, you will be assessed another application fee. Cash will not be accepted.

The Graduate Management Admission Test (GMAT) is the primary admission test for admission at the Ph.D. level in the Robinson College of Business. The GMAT school code for the Ph.D. program is QCK-ZW-59.

The GMAT Information Bulletin includes descriptions of the test content, registration instructions, and test preparation methods. The website for the GMAT is www.mba.com.
